## FINANCE DEPARTMENT,

OTTAWA, October 19, 1910.

Honourable W. S. FIELDING,  
Minister of Finance,  
Ottawa.

SIR,—I have the honour to submit to you the Public Accounts for the Fiscal Year ended March 31st, 1910.

The receipts on account of Consolidated Fund for the year amounted to \$101,503,710.93, and the expenditure on the same account to \$79,411,747.12. The surplus of receipts over expenditure on this account was therefore \$22,091,963.81.

At the close of the fiscal year, the balance at the credit of the depositors in the Post Office and Government Savings Banks amounted to \$58,264,229.90, a decrease of

## SESSIONAL PAPER No. 2

\$1,674,690.43 as compared with the balance held on March 31, 1909. The withdrawals during the year exceeded the deposits by \$3,380,738.58, while \$1,706,048.15 was added for interest accrued, thus making a net decrease of \$1,674,690.43.

Investments on account of the Sinking Funds of the various loans were made during the year to the amount of \$1,441,030.96. Dominion securities held in the Sinking Funds to the extent of \$25,173,964.31, on account of the 4 per cent Canada Reduced Loan, were, on the maturity of that loan on January 1, 1910, taken over from the Sinking Fund account and cancelled. Accordingly, the total of the investments at the credit of the Sinking Funds, which stood at \$38,515,546.54 on March 31, 1909, at the conclusion of the Fiscal year 1910 amounted to \$14,782,613.19.

The net debt of the Dominion at the close of the fiscal year was \$336,268,546.33, or an increase of \$12,338,267.16 to the net debt as it stood on March 31, 1909. The increase is accounted for as follows:—

The list of Bonds guaranteed by the Dominion is as follows:—

1. The Canadian Northern Railway Company, Cap. 7, 3 Edward VII (1903).

The guarantee is for the principal of £1,923,287 sterling, and interest thereon at the rate of 3 per cent per annum for fifty years.

2. The Canadian Northern Railway Company, Cap. 11, 7 and 8 Edward VII (1908).

The guarantee is for the principal of £1,622,586 19s 9d sterling debenture stock and interest thereon at the rate of 3½ per cent per annum for fifty years, from July 20, 1908, interest payable half-yearly.

3. The Grand Trunk Pacific Railway Company, Cap. 24, 4 Edward VII (1904).

1 GEORGE V., A. 1911

The guarantee is for a sum equal to 75 per cent of the cost of construction of the Western Division of the National Transcontinental Railway, but not exceeding \$13,000 per mile in respect of the Prairie Section of the said railway. The amount of bonds issued and guaranteed is £7,200,000, of which £3,200,000 were issued in 1905, £2,000,000 in 1909, and £2,000,000 in 1910.

Advances were made under statute during the year as follows:—

Montreal Harbour Commissioners.....	.....\$915,000 00
Quebec Harbour Commissioners.....	67,056 65

Under the provisions of Chapter 19 of the Acts of 1909 "an Act to authorize a loan to the Great Trunk Pacific Railway Company," the sum of \$10,000,000 was advanced by way of loan for the purpose of aiding the Company in the completion of the construction of the Prairie Section of the Western Division of the National Transcontinental Railway. Interest thereon at the rate of 4 per cent per annum has been received.

The circulation of Dominion Notes has advanced to \$87,134,068.50, or an increase over the circulation at the close of last year of \$7,782,988, with a corresponding increase in the gold reserve.

On January 1, 1910, the 4 per cent Reduced Loan of 1885 for £6,443,136 2s. 9d., or \$31,356,595.88 matured and was dealt with as follows:—

\$11,915,343 35	redeemed in cash ;
8,990,771 45	converted into 3½ per cent Loan 1930-50 (July, 1909, issue) ;
9,603,597 84	held in its own sinking funds and cancelled ;
846,883 24	held in Consolidated Fund Investment Account and cancelled.
<hr/>	
\$31,356,595 88	

In January, 1910, a loan of £4,000,000 3½ per cent stock, due July 1, 1950, with option to the government to redeem at par on or after July 1, 1930, on giving six months' notice, was issued in London at £99 per cent for the purpose of providing for the redemption on July 1, 1910, of the 4 per cent 1910-35 loan.

In May, 1910, a further loan of £5,000,000 3½ per cent stock due July 1, 1950, with option to the government to redeem at par on or after July 1, 1930, on giving six months' notice, was issued in London at £99½ per cent for the purpose of providing for the redemption of £3,500,000 treasury bills due July 1, 1910, and £1,500,000 4 per cent guaranteed bonds due October 1, 1910.

It may be of interest to state that all investments for sinking fund purposes are made in the various securities of the Dominion Government. On the maturity of a Canadian Loan, carrying a sinking fund, it has been the practice to take the securities thus released, other than those of the loan maturing, which of course were redeemed and cancelled, and to transfer them to an account designated "Consolidated Fund Investment Account." The half-yearly interest payable on the securities so held as forming part of the funded debt in London, was handed over to the Dominion, and treated as interest received from investments. On the maturity of the Canada

## SESSIONAL PAPER No. 2

Reduced 4 per cent loan in January last, there were held in the sinking fund of that loan securities of the loan itself, £1,973,342 1s. 0d., and securities of other current Canadian Government loans £3,199,390 7s. 5d. or in all £5,172,732 8s. 5d., equivalent to \$25,173,964.31 in currency. Securities to the amount of £1,076,823 15s. 10d., at the credit of the investment account from sinking funds of loans, which had previously matured and been redeemed, together with the £3,199,390 7s. 5d., made a total of £4,276,214 3s. 3d. at the credit of the investment account, representing Dominion Government securities in its own hand. It having been ascertained that the cancellation of these securities could be legally effected, it was deemed advisable to adopt that procedure, and thus reduce the funded debt from £57,177,116 14s. 1d. to £52,900,902 10s. 10d., with a corresponding reduction of the assets under the heading "Investments." In brief, it meant the reduction of a liability to the extent of £4,276,214 3s. 3d., and the cancellation of an asset of a like amount on the other side of the balance sheet, the result not in any way affecting the net debt of the Dominion.

The following table sets forth by loans the funded debt payable in London previous to such cancellation, the amount cancelled and the balance left in each loan :—

In accordance with a report of the Select Standing Committee on Public Accounts adopted by the House of Commons, (vide Votes and Proceedings of May 14, 1909), various balances amounting to \$153,731.04, hitherto standing in the open accounts of the Intercolonial Railway, have been eliminated. Further small amounts of the same character aggregating \$270.69, have also been wiped off on like authority.

1 GEORGE V., A. 1911

The sum of one hundred thousand dollars (\$100,000) was received from the Phoenix Bridge Company in respect of the collapse of the Quebec Bridge, and the failure of the company to perform its contract in connection with the erection of that structure. This amount has been deducted from the \$5,424,781.00 hitherto standing in the books as a charge against the Quebec Bridge.

The statement showing the number and total salaries of officials coming under the Superannuation Acts and the Retirement Act has been continued to March 31, 1910. The number coming under the operation of the old Superannuation Act has fallen from 1,723 in 1909 to 1,652 in 1910.

Respectfully submitted,

T. C. BOVILLE,
